Program Description

The Onalaska/Holmen/West Salem Public Transit Taxi Program is a demand response door-to-door transportation system. "Public Transit" means that you may travel with more than one passenger with different destinations and/or origins. The program is administered by the Onalaska City Council. The City is responsible for determining the fares, days, hours of service, and ultimately all facets of how the program is operated. The City contracts with a private transit company to provide service. The service company is selected through a competitive bidding process. The City must solicit bids every five years.

Funding for the service comes from four sources. These are the Federal Transit Administration, the State of Wisconsin, the City of Onalaska, Villages of Holmen and West Salem, and you - the rider through fares.

Service provided by the City of Onalaska, Village of Holmen, West Salem, Wisconsin Department of Transportation and the Federal Transportation Administration. Effective 7/1/2006.
