Please Note: There were some players that were trying out for a tournament team but were placed on a League team. In those cases, the players registration fee will be refunded the difference in fee amounts.

As soon as we can determine the coaches and get initial practice days/times set up, either the coach or the Park and Recreation Department will contact each player of when the first practices will be held. We hope to get the teams practicing as soon as possible. Practice times and days may vary quite a bit during the month of May as there are many activities and teams using the fields.
