## Branch Pickup (----- on calendar)

Branch pickup is scheduled for the 2nd FULL week of each month ONLY, beginning in April and ending in October. You will need to call the Recycling Hotline (781-9500) each month to be put on the pickup list. **All calls must be received BEFORE the 2nd full week.** Your branches will not be picked up if you are not on the list, and you will have to wait for the following month. Please review the procedures listed:

- Branches must be cut 4 feet long or less and cannot be thicker than 6 inches in diameter. No roots! Disposal of branches in excess of 6 inches in diameter and roots is the homeowner's responsibility.
- Branches must be tied in bundles with stems pointing in one direction and placed at a street side location behind the curb no later than 5:00 AM Monday. Please tie bundles tightly; bundles that break will not be picked up! Please do not make bundles too heavy; this leads to a greater risk of back injury for the workers.
- You may leave 2 medium-sized piles stacked up to 3 feet high for pickup. Disposal of branches in excess of this amount is the homeowner's responsibility. A tree service can assist you with disposal of excess trimming/lot clearing or you may haul it to the La Crosse County Landfill for a fee.
- Branches placed in driveways, in alleys, on sidewalks, or behind parked cars will not be picked up!

## Christmas Trees

Christmas tree pickup will be the same day as your regular trash pickup on January 13, 14, 15, 16 & 17 2020. This is the only time this service is offered, so please have your tree at a curbside location no later than 5:00 AM on your regular refuse pickup day. Tinsel, ornaments, lights, etc. must be removed! Trees placed in a disposal bag will not be picked up!

## Leaf Vacuum

The City contracts with Harter's Quick Clean-Up to provide a leaf vacuuming service that begins in October. Harter's Quick Clean-Up will make 4 passes by each residence during the leaf pickup period. Due to the mature trees in our City, it may take up to 7 weeks -- or more -- to complete the 4 passes. It is not guaranteed that the leaf pickup service will extend this long, so it is up to each resident to make sure leaves are in place before the pickup period is concluded. Harter's may have to alter the schedule due to weather, equipment failure, or resource limitations. **Delays may occur so your patience is appreciated!**

**Procedure:** rake your leaves into a large pile and place in the boulevard area. No twigs, garden waste, garbage, etc. – leaves only! Leaves must be placed in the grass area next to the curb and NOT in the street, gutter, driveway, sidewalk or alleyway or behind parked cars. If they are placed in any of these locations, they will not be vacuumed. Leaves placed in plastic bags will not be picked up.

If we receive 2 or more inches of snow, the leaf vacuuming service will cease. If this occurs, you may utilize the yard waste service. After the final day of yard waste pickup (see Calendar) any remaining leaves/yard waste/twigs can be taken to the La Crosse County Landfill. Please call them at 785-9999 for hours and cost.

Questions or Concerns? Contact Harter's Quick Clean-Up at 782-2082.

**Progress or Location of Leaf Vacuum? Contact Leaf Vacuum Hotline at 392-0297.**

**NOTE:** Any concerns about grass dying because of placement, you may utilize **Yard Waste Service**, which is picked up the same day as your garbage every week.

Two carts were issued to each city-served property; the BLUE cart is for Recycling and the BROWN cart is for Refuse. The carts have an identification number and are to remain at the address they were assigned to. Homeowners are responsible for replacement costs.

**If your garbage/yard waste/recycling WAS NOT picked up, please contact Harter's Quick Clean-Up IMMEDIATELY at 608-782-2082.**

## PLACEMENT GUIDELINES-

### DO NOT PLACE CARTS IN STREET

- Cart needs to be at least 3 feet from any fixed objects, such as mailboxes, trees, streetlights, or parked cars and must have a 3 foot gap between carts.
- Place them at the end of your driveway if possible or in the boulevard area, within 1 ft from the curb line.
- Position the cart on as level of a surface as possible, away from overhanging tree branches.
- The cart lid needs to be close

## REASONS FOR MISSED COLLECTION

- Cart was placed on a snow bank; they must be placed on a level spot on the boulevard or on your driveway
- Unacceptable items are in the cart (refuse items, appliances, electronics, hazardous waste, etc.)

## WINTER TIPS

- Clearing snow after each snowfall will make it easier to move your cart to its collection point
- Clear a path from your storage location to your collection point
- Clear a path at your collection point so carts sit flat
- Carts will NOT be collected if placed on a snow bank
- Do not place in gutter/street
