Plumbing Permit Fees instructions:

Commercial:

If square footage is used for calculating the plumbing permit: Use that amount multiplied by \$0.09 (Commercial & Multifamily) or \$0.06 (Warehouse) **plus \$85.00 BASE FEE**, plus water and sewer service connections/relays at \$30.00 each (if applicable) to calculate your total permit amount.

If square footage is not available for calculating: Take **\$85.00 BASE FEE**, plus water and sewer service connections/relays at \$30.00 each (if applicable) plus \$85.00 miscellaneous work (includes 1 inspection) if more than one inspection is required add \$85.00 for each additional inspection.

Residential:

If square footage is used for calculating the plumbing permit: Use that amount multiplied by \$0.05 plus **\$85.00 BASE FEE** to calculate your total permit amount.

If square footage is not available for calculating: Take **\$85.00 BASE FEE**, plus water and sewer service connections/relays at \$30.00 each (if applicable) plus \$85.00 miscellaneous work (includes 1 inspection) if more than one inspection is required add \$85.00 for each additional inspection.
