Adjournment

# PARK AVENUE PARK PUBLIC MEETING 6-27-19

## COMMENTS

- Please keep the park as is
- Don't remove park for parking lot. Public doesn't need to subsidize restaurant. Reduces property value with loss of park. Preserve green space for future. Put no parking on east side all parking on west side only.
- Please leave park
- I think the park should stay. It is hard to out of our garage and drive way because of cars parked, we don't want a one way streets behind our house but parking on one side might be ok. Blue Moon can find another place to park (wayside)
- Leave the park as is. Maybe parking only on one side of the street
- No way to Blue Moon
- Please keep park
- Keep par and no parking on the side of park
- Please keep park – do not sell to Blue Moon. No one way streets
- Don't remove park
- If you lose green space in a city you never get it back. Do you want to live across from a parking lot at 2am
- The neighborhood will change and young families will move in. Too much congestion from proposed car lot into intersection. Dangerous incidents of accidents
- Do not remove park. Change to no parking each side of the park
- Keep the park. Parking back from corner

July 15, 2019

To whom it may concern,

I am writing this letter about the wooded area in Oak Park Addition in Onalaska. When speaking with an employee of the Parks Department he stated that a letter needed to be written before he would even do anything about this. Even though I personally have talked to him about this before.

If this is no longer a "park" and is now a retaining pond or some run off pond then I should be constructed as such. If you are going to let all of the run off water from the streets in this area you should at a minimum be cutting down the trees in this area to let the sunlight get to the bottom and try to dry things out! The city always is saying that they have nothing planned and that you can't do anything until a letter is written well here is the letter needed to get things started.

With the disease that are spread because of mosquitos you would think that would be enough reason for someone from the parks department or from whatever department that is in charge of this swamp. It's to the point that people cant even stay outside because the bugs are so bad because of this area.

Please do something about this area of Oak Park Addition.

Thank you  
Concerned residents of Oak Park Addition

Re Bluffland Coalition Invoice

Dear City of Onalaska;

The Bluffland Coalition would like to thank you for all of your support. The central objective of the Bluffland Coalition is to acquire and conserve more land for future generations to enjoy the unique landscape of the La Crosse area. Where there is value, there is a price. The Bluffland Coalition would soon go extinct if it was not for the generosity of organizations such as the City of Onalaska. This is a reminder and invoice for the amount of money that you have obligated to the Bluffland Coalition.

Invoice

Total Annual Investment Commitment \$18000.

Total Commitment to Fund Coalition Staffing and Initiatives \$7200 amount owed

Thank you for your support.

Josh Blum  
Vice Chairperson of the Bluffland Coalition
